# About Us

Great Southern Corporation is a distinguished leader in the global commodities market, leveraging years of expertise to serve critical industries across the globe. Our comprehensive portfolio includes key commodities such as oil and gas, personal protective equipment, rice, sugar, and various oils. In addition to these products, we provide tailored solutions for sectors including pharmaceuticals, personal care, animal nutrition, and renewable fuels.

At the heart of Great Southern Corporation lies a steadfast commitment to our core values of respect, integrity, and dedication. These principles have fostered enduring relationships with our partners and established our reputation as a benchmark for quality within the industry.

Our operational capabilities encompass sourcing, storing, blending, and delivering essential commodities with unmatched reliability, efficiency, and responsibility. We are dedicated to enhancing the global trade in natural resources, ensuring exceptional service and performance throughout the supply chain.

By fortifying market connections between producers and end-users, we empower our customers by providing the commodities they need, precisely when and where they require them. At Great Southern Corporation, we are not just suppliers; we are partners in your success. We appreciate your consideration and have compiled a list of commodities we own, source, or procure. If you have any questions, please feel free to contact us.

GREAT  
SOUTHERN

Great Southern Corporation is committed to delivering unparalleled quality in corn by sourcing exclusively from the most reputable distributors globally. Our dedication to excellence ensures that our products meet the highest standards, reflecting our core values of integrity and reliability.

We meticulously select our partners based on their adherence to rigorous quality control processes and sustainable agricultural practices. This allows us to provide a diverse range of corn varieties that cater to the unique needs of our clients, whether in food production, livestock feed, or industrial applications.

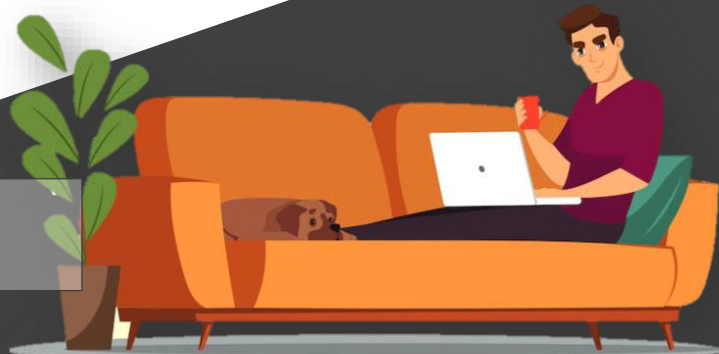

At Great Southern Corporation, we believe that our success is intertwined with that of our suppliers and customers. Therefore, we foster strong relationships built on trust and transparency, ensuring a seamless supply chain from farm to market. By prioritizing quality and sustainability, we strive to contribute positively to the agricultural landscape and support the communities we serve.

In a rapidly evolving market, our commitment to innovation drives us to explore new technologies and methodologies that enhance the quality of our corn offerings. With a focus on continuous improvement, Great Southern Corporation remains at the forefront of agricultural excellence, dedicated to providing products that exceed expectations.

# RICE

GREAT  
SOUTHERN

As a leading global rice exporter, Great Southern Corporation stands at the forefront of addressing the increasing demand for food products amid ongoing global food shortages. With over 60 years of proven performance, we possess the expertise and resources necessary to fulfill both large long-term contracts and smaller spot purchases, thanks to our robust relationships with producers worldwide.

Our extensive supply network enables us to deliver high-quality rice to a diverse range of markets, including but not limited to Indonesia, Malaysia, Singapore, Hong Kong, the United States, and Canada. As we strategically expand our outreach to emerging markets such as Iran, Iraq, Saudi Arabia, Nigeria, and Senegal, we are committed to meeting the unique needs of each region while navigating the complexities of global trade.

In a landscape where food security is becoming increasingly critical, our focus on long-term sourcing strategies ensures a steady and reliable supply of rice to our partners. By leveraging our industry expertise and deep producer connections, we are well-positioned to address current and future challenges in the food supply chain.

Great Southern Corporation is dedicated to being your go-to partner in navigating these unprecedented times. Together, we can work towards ensuring food stability and security for communities around the globe. Contact us today to discuss how we can meet your rice sourcing needs effectively and efficiently.

# SUGAR

GREAT  
SOUTHERN  
*Corporation*  
PUERTO  
RICO

Great Southern Corporation offer factories that contribute to the world's production of alternatives to food, such as livestock feed, fiber and energy, particularly biofuels (sugar-based ethanol) and co-generation of electricity (cane bagasse). Sugarcane is generally regarded as one of the most significant and efficient sources of biomass for biofuel production.

Currently, about 110 countries produce sugar from either cane or beet, and eight countries produce sugar from both cane and beet. Sugarcane, on average, accounts for nearly 80% of global sugar production. Last October/September season the top ten producing countries (India, Brazil, Thailand, China, the US, Mexico, Russia, Pakistan, France, Australia) accounted for nearly 70% of global output.

# IRON ORE

As a natural expansion of our trading activities, iron ore was added to our product portfolio in 2020. In this year, Great Southern Corporation secured diversified and reliable Iron ore supply from various locations covering the full spectrum of iron ore products and grades. With offtake agreements from South Africa, Zimbabwe, Peru, Chile, Indonesia, and India; we can ensure that our steel-making customers always have a reliable supply of high-grade iron ore fines and pellets that meet their needs. As a result, by 2024, we will be one of the largest independent suppliers of iron ore and iron ore pellets, with offtake agreements in place for more than 10m MT per year.
